

How to Play:

Player 1 thinks of a **5-letter word** and keeps it a secret.

Player 2 guesses a 5-letter word and writes it in the first row of the grid.

- After each guess, Player 1 will color the tiles:
 - **Green** if the letter is in the correct spot for the secret word.
 - **Yellow** if the letter is in the secret word but in the wrong spot.
- If the letter is not in the word, leave it **blank**.
- **Tip:** Cross off used letters in the alphabet section below the grid to keep track of what has been guessed.

Player 2 has **6 tries** to figure out the secret word. The game ends when they guess the word or run out of tries. Try to solve it in as few guesses as possible!
