

### Key

Quarter = \$0.25

Dime = \$0.10

Nickel = \$0.05

Penny = \$0.01

**Piggy Bank Amount:**  
\$ \_\_\_\_ . \_\_\_\_

**Test your money-counting skills!** Cut out the coins at the bottom of the page. Choose a total amount to put in your piggy bank, then see if you can pick the right coins to make that total. Play on your own or challenge a friend—there's often more than one way to reach the same amount!

For example, if your piggy bank amount is \$0.83, you could use 3 quarters, 1 nickel, and 3 pennies.
